BIG LOVE

ABOUT THE PLOT TWIST PROJECT

The Plot Twist Project is a series of wines designed by our winemaker's need to experiment. This project is a chance for him to get creative and even a little wild with micro batches of single varietals. The fruit is mostly from our farm but may also be sourced from neighbouring vineyards with varietals (like Merlot) that we are not able to grow. These wines are made with minimal intervention, maximum farming effort, and promise to be totally delicious.

WINEMAKER'S NOTES

Riesling by its very nature is rich in acidity making it a bit of a winemaker's playground. As a result, there is a broad spectrum of well-balanced Riesling made around the world with varying degrees of sweetness. Our 2019 Riesling is an aromatic white with a good backbone of acidity and a delicate, sweet finish. This balance of sweetness and acidity make it the perfect sidekick for spicy food and even spicier conversation.

TASTING NOTES

Off-dry, and delicious. The nose will have you dreaming of apples, lemon curd, and cinnamon. This Riesling will wake up your taste buds with lively acidity and minerality. The palate is all lemon, lime, and gala apples. The versatility of this wine is endless - try a tuna poke bowl, pan-fried wiener schnitzel or smoked pork chop with an apple slaw.

OUR STORY

We are a family-owned and operated winery nestled in the hills of West Kelowna. Award-winning winemaker, James Schlosser was born and raised in West Kelowna and has been consistently producing complex, aromatic wines that showcase the nuances of the north Okanagan for more than 15 years. The combination of homegrown, handmade wines paired with a limited, high-quality production make our wines both sought after and hard to get your hands on.
